1. Opening remarks

Michiel started the meeting at 13.00hrs and at 13.02 there was quorum.

2. Announcements and correspondences

Correspondences:

Invitation to the workshop Improved Governance Framework for the extractive sectors:

- From the IADB office you have received an invitation to attend the knowledge sharing event on September the 20th. A link was shared to register for this event.
- On this note we want to ask the MSG members who want to attend the sessions with EITI Trinidad and Tobago on the 21st and the 22nd of September with the National Secretariat, to send us an app or an email. This afternoon we will have a meeting with IDB and Trinidad to finalize the agenda for those two days and we will share that with you. We ask this due to logistics. The sessions on Thursday and Friday will be at the IDB country office.

Announcements:

- First we want to apologize that you have received the agenda a bit late. The comments from Esteban on the stakeholder engagement and outcome and impacts templates was shared on the 9th of September. The agenda, updated list of suggested actions and action point for this meeting were shared with you on Monday September 11th. Also was shared the revised ToR of the MSG on Monday.
- Agenda point 4 is about the templates. We advise to go over the 58 comments made, together so we can cover everything and if needed, come back on that in the next meeting.
- No information on the Summary Data templates by BDO yet. Maybe Ms. Simons got feedback on her email to them on this.
- The website is not working yet.

- We will be sending the minutes of August 23rd and September 6th next week. These will be on the agenda the 27th of September for approval.

3. Presentation by Grassalco

Grassalco will not be presenting today since they are not ready yet. Various members were asking if Grassalco will be presenting before validation. As it seems Grassalco will not be ready by then since their finance person will be on leave for 3 weeks.

4. Discussion and approval of the templates:

- a. Stakeholder engagement templates (Private Sector, Civil Society and Government.)
- b. Outcomes and impact template

The outcomes and impact template was discussed in this meeting since there were still a lot of blank spaces to be filled out. The MSG discussed until comment no 17. Michiel will draft a document and send comments to the MSG. He will consult Bernadette as well on issues concerning the mining companies. All the members were going to look at the blank spaces and will come back with information in the next meeting since the meeting time was coming to an end. The members present agreed on continuing this meeting on Monday September 18th, 2023

5. Discussion on the list of suggested actions before validation

This agenda item was postponed

6. Any other business

This agenda item was postponed.

7. Adjournment

After reminding everyone that the meeting is postponed to Monday September 18th, Michiel adjourned the meeting at 14.55 hrs.
